Objection Handling

We don't want to learn another tool

Tap My Back is intuitive to use and features ready-to-use templates to get started quickly, plus the fact you don't even need to leave MS Teams to use it.

There are many apps like Tap My Back that I can use as an alternative

Tap My Back is straight to the point and designed to be easy to use, no bells and whistles. There's also a free trial that you can leverage (and it's free for small teams!).

Tap My Back seems too expensive

You can start for free — and free forever for teams of 10 people or less. And you get every feature in every plan. This MS Teams tool, offers data-driven insights that show team engagement and happiness, rolling several tools into one.
